

Special Proclamation
National CRNA Week

The City of Coral Springs joins the House of Representatives in honoring National Certified Registered Nurses Anesthetists (CRNA) week.

CRNAs are trusted anesthesia experts on the front-lines, caring for patients safely and compassionately while delivering specialized, cost-effective care to all patients. CRNA's are courageously serving on the front-lines of the ongoing corona virus pandemic— using their advanced skills in airway management, intubation and ventilator management to care for the sickest patients—leaving their homes and families to travel to hospitals and facilities across the country, so they can assist where the need is greatest.

Therefore, we, the City Commission of Coral Springs, proclaim the week of January 23-29th, 2022 as "National CRNA Week."
